Addendum To Consultation Document Orchard View Review

As a result of the consultation we have undertaken to date, the project board has agreed to expand Option B in the consultation document:

Three options laid out in the consultation document are:

- **Option A:** Provide a choice of respite and day care for people to use (with or without the additional help of a brokerage service).
- **Option B:** Redevelop Orchard View to provide a service that meets people's current needs and provides a modern, high quality service.
- **Option C:** Identify other units that meet the required standards to provide the services currently offered at Orchard View

Option B

As we state (on page 11 of the consultation document), potential providers have expressed an interest in developing services on the site at Orchard View.

At a meeting with the Joint Health Overview and Scrutiny Committee in July we were asked to expand the original proposal to include possible development of the site for health or social care services that would include an element of respite care. It is felt that this change will encourage potential interest in the site by a broader range of providers.

In order to give more time to consider this, the consultation period has been extended until 30th September 2008.

The Project Board and Reference Group are now developing an invitation to potential providers that asks them to submit development proposals for the site at Orchard View. A draft invitation will be presented to the Joint Health Overview and Scrutiny Committee in early September.

For further copies of this letter, consultation document or feedback forms, or if you would like it in another format such as Braille, large print or another language please contact the BHSP office on 0800 015 5127, or email bhsp@bristolpct.nhs.uk

North Somerset Primary Care Trust
South Gloucestershire Primary Care Trust

We will ask private and not for profit organisations to submit ideas and these proposals will then be considered by the Project Board and the Reference Group and reported to the Joint Overview and Scrutiny Committee

Expressions of interest will be assessed and evaluated against agreed criteria and according to NHS requirements on the sale of NHS property.

This then is the expanded Option B on which we are seeking your views alongside Option A and C as stated in the original document.

Yours Sincerely

Chris Born
Chief Executive
North Somerset PCT
